

# DEMAND **MORE** STOPPING POWER

## AIR DISC BRAKES

Our demand for more stopping power results in **air disc brakes** that meet and exceed customer specifications. We have the same goal as fleet owners and operators, to reduce maintenance and extend service intervals. With over 30 years of suspension expertise, dependability is priority one.

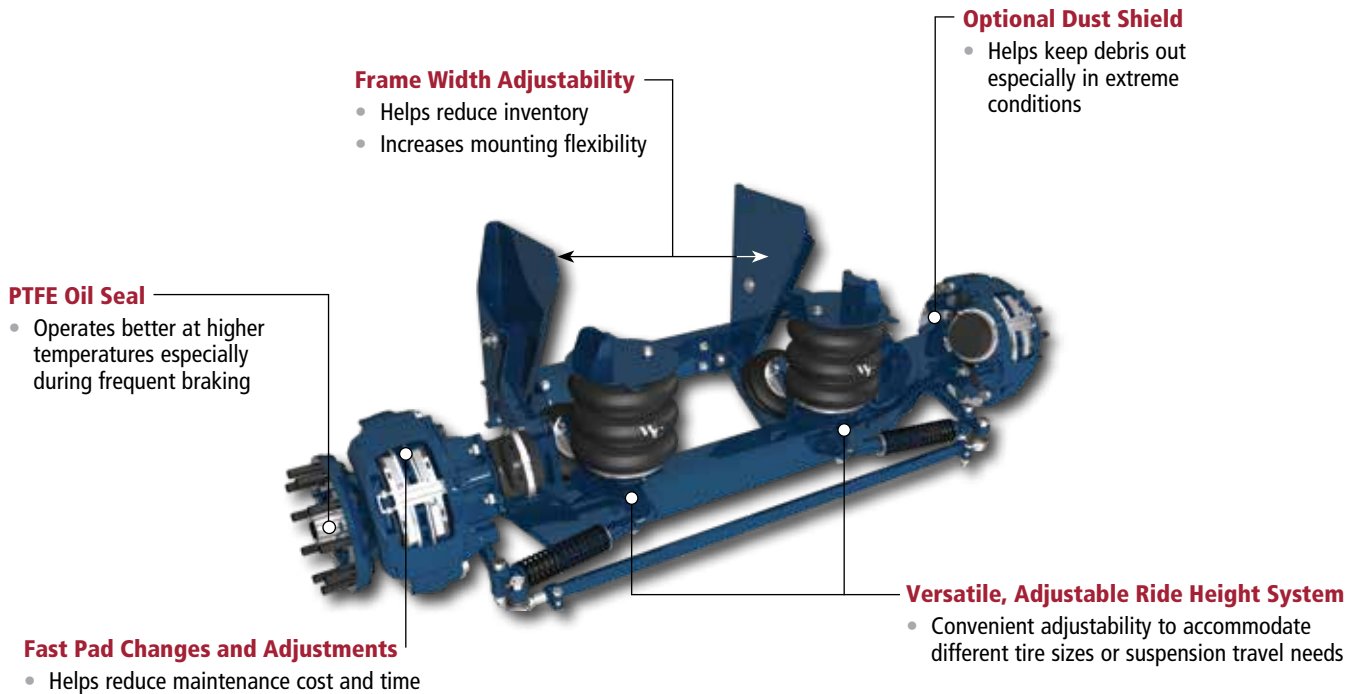

- Helps to reduce brake fade
- Greater downhill performance
- Symmetrically balanced left and right brake power
- Brake pad changes and adjustments are quicker
